CAN WE TRUST THE BIBLE?

Our faith is based on the New Testament—but can we trust it? Skeptics say no, arguing that the Bible's manuscripts have been doctored to push a theological agenda. *Fragments of Truth* reveals ground breaking new evidence that demonstrates why the case for the Bible's reliability is not only strong, but stronger than ever.

Grace Doctrine Church was founded in 1975 under the laws of the State of Missouri as a nondenominational local church and is a separate organization from Joe Griffin Media Ministries. The purpose of this church is to evangelize the lost by presenting the gospel of faith alone in Christ alone and to teach biblical truth to the saved through a literal, grammatical, and historical analysis of Scripture. Our theological statement, 40 Proclamations: The Theology of Grace Doctrine Church is available on request by writing the above address.

Grace Doctrine Church never solicits contributions or membership. Whirlwind

Four-Generation Curse

Mankind's original authority structure was the organized humility of the home and the training of children by their parents. If a child rejects parental authority, he will later reject other forms of divine authority. If this anti-authority attitude is developed early in life, submitting to the authority of an invisible God becomes less likely.

The Four-Generation Curse is imposed due to collective decisions by the client nation's Pivot, each generation choosing to spurn or ignore Christ, the authority of God, and the power of His Word. Only by personal love for God and the desire to learn, defend, and apply His inerrant Scripture can the believer have invisible historical impact that our nation's current disorder and instability urgently needs.
