12)   Therefore, we learn that the prototype divine dynasphere is adequate to manage all the exigencies that the devil's world can offer and do so without fail if volition remains positive.

13)   Confirmation of the operational system for the Church Age believer occurs among those who utilize its assets and call upon its power. Those who never learn of rebound, or fail to utilize it to reacquire fellowship, cannot confirm anything related to the spiritual life.

14)   Each system results in tactical and strategic victories. The Lord used the prototype system to win tactical victories during the thirty-three years of His earthly ministry.

15)   The Lord used the prototype system to win the strategic victory on the cross which resulted in the redemption of the human race.

16)   Redemption is defined as the saving work of Jesus Christ on the cross whereby all humanity is bought from the slave market of sin in which they were born spiritually dead and delivered to the freedom of grace. Redemption is realized when a person is born again by faith alone in Christ alone.

17)   The Church Age believer wins the strategic victory of salvation through faith alone in Christ alone at which point he is imputed the operational system by which he may then win tactical victories in his execution of the Christian way of life.

18)   The prototype divine power system of the dispensation of the Incarnation was retired at the resurrection of Christ.

19)   The operational system of the dispensation of the Church will be retired at the rapture of the Church.

20)   The prototype system's confirmation is mentioned by Paul in his introduction to Romans:

Romans 1:4 - Who **[Jesus Christ]** was demonstrated **[ὁρίζω, *horizō*]** the Son of God by means of power belonging to the Holy Spirit, by means of the resurrection from the dead, Jesus Christ our Lord.
