

COSMIC SYSTEMS: THE HATRED COMPLEX

The Sin Nature: Genetically inherited trends that tempt man to commit sin & oppose doctrine.

Negative Volition: Propensity to attack all things biblical & aggressively oppose God & Christ.

Degeneration: Disorganized evil in which loss of thought results in having no restraint on one's decisions and taking no responsibility for one's actions.

Antiestablishment: Opposition to the Divine Institutions, hatred of all systems of authority, & opposition to those in authority.

Demonism: Demon possession of a few manipulates the thinking of the many through demon influence. Promotes political correctness, multiculturalism, & redistribution of wealth.

Cosmic Panaceas: Philosophies & ideologies that sustain the Long March through institutions by propagandizing the benighted into accepting the false premise of human equality.

Religion: Man by man's efforts to gain approbation from God. This system of anti-grace emphasizes Christian service over the work of Christ & the power of God's Word.

Anthropocentric Academic Speculation: Adherence to hypotheses & theories that dismiss the Bible as the absolute source of truth, e.g., socialism, global warming, the Big Bang, & Keynesianism.

Evil: Lucifer's system of good and evil that strives to create a man-made millennium by the exclusion of divine viewpoint.
